

# EXCEED Program Expectations with STIG & CIS Policy Compliance Automation

## TOP 5 Reasons Federal Systems Integrators Choose SteelCloud Software:

1. Deliver faster ATOs for Government customers; up to 90% reduction of system hardening time
2. Reduce RMF accreditation pain for your programs
3. Gain a Price-to-Win competitive advantage on Federal contract bids by reducing IA labor requirements
4. Create program-to-program consistency and increase customer satisfaction
5. Satisfy internal DFARS/NIST 800-171/NIST 800-53 Federal requirements

*Get ahead of the RMF curve!*
